

# CAPABILITIES STATEMENT

**CUSTOM MANUFACTURER OF PRECISION PARTS FROM BOTH SYNTHETIC MATERIALS & THIN GAUGE METALS**

Gaskets  
Seals

Washers  
Guides

Shims  
Shipping protectors

Insulators & Conductors

## MARKETS SERVED

Aerospace  
Electrical Components  
Hardware/Stamping  
Plumbing

Commercial Vehicles  
Food Handling/Processing Equipment  
Hydraulics  
Compressors/Sprayers

Industrial Process Control  
Molding  
Distributors/Kitters

## VALUE PROPOSITION

### Economical parts backed by Excelsior's:

- High level of technical competence
- Wide range of manufacturing capabilities
- Aerospace quality
- Flexible delivery / stocking programs

**Established in 1916**

### The value proposition is enabled by building the business around:

- The aerospace quality system of our most stringent customers
- Strategic investment in equipment to support the quality system and efficient manufacturing

## MATERIALS

Aramid paper  
Corks & Cork Rubber  
Felts  
Fiber blends  
Fiberglass- Epoxy & Teflon coated  
Fiberboard

Foams & Sponges  
Insulating material  
Thin gauge metals  
Nomex, Kapton & Laminates  
Non-asbestos beater additions  
Non-asbestos compressed

Phenolic  
Plastics  
Rubber compounds & blends  
Shim Stock – Steel & Synthetic  
Urethane, including Cast  
Vegetable Fibers

## CAPABILITIES

Water jet cutting  
CNC traveling head presses  
Hi-speed punch & hydraulic presses

Manual travel head presses  
Material converting & coiling

Rotary die cutting  
Adhesive application  
Laser Cutting

\*Micro-Vu Vision machine (accurate to .00005") does all first and last piece inspection
